

10ah 13ah 15ah 20ah 25ah 1000w 36v 48v 24v Lithium Hailong Ion Bafang electric e bike Bicycle Pack Black Lithium Battery

Our Product Introduction

for more products please visit us on enookbattery.com

Basic Information

- Place of Origin: china
- Brand Name: enook
- Certification: IC
- Model Number: Lifepo4 Battery

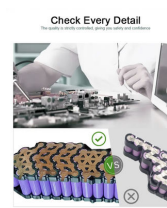

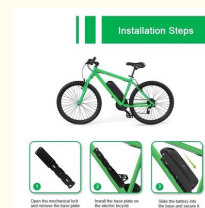

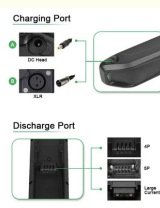

Product Specification

- Installation: Downtube Frame
- Size: 360*90*110mm
- Color: Black
- Application: Electric Bike/ Bicycle/ Motorcycle/ Ebike
- Motor: 250w/350w/500w
- Case: Hailong
- Estimate Weight: 4kg
- Battery Type: LiFePO4

Product Description

10ah 13ah 15ah 20ah 25ah 1000w 36v 48v 24v Lithium Hailong Ion Bafang electric e bike Bicycle Pack Black Lithium Battery 36v

Product Description:

E Bike Battery

The E Bike Battery is a high-performance, lightweight and compact battery designed specifically for electric bikes, bicycles, motorcycles and ebikes. With its compact size, light weight and advanced technology, this battery is the perfect power source for all your electric vehicle needs.

Size and Weight

The E Bike Battery measures 360*90*110mm, making it compact and easy to install on your electric vehicle. Its estimated weight is only 4kg, making it one of the lightest batteries in its class. This makes it an ideal choice for those looking for a portable and easy to handle battery.

Battery Type

The E Bike Battery is equipped with a high-quality LiFePO4 battery, which stands for Lithium Iron Phosphate. This type of battery is known for its long lifespan, high energy density, and safety. It is also environmentally friendly as it does not contain any toxic materials.

Advanced Technology

Application

Our Product Introduction

The E Bike Battery is suitable for a variety of electric vehicles, including electric bikes, bicycles, motorcycles, and ebikes. Its compact size and light weight make it a versatile choice for different types of electric vehicles. Whether you are commuting to work, exploring the city, or going on a long ride, this battery will provide you with reliable power.

Case

The E Bike Battery comes with a durable Hailong case, which is designed to protect the battery from impacts and harsh weather conditions. This ensures the longevity of the battery and provides you with a worry-free riding experience.

Overall, the E Bike Battery is a top-of-the-line power source for all your electric vehicle needs. With its compact size, light weight, advanced technology, and durable case, it is the perfect choice for anyone looking for a reliable and efficient battery for their electric vehicle.

EQUIPMENT

Hailong 36v 10Ah ebike
battery pack Li ion batterie

Features

We can build the popular Ebike battery with different brand cells and battery case. Cells capacity vary from 2600mah, 2900mah, 3200mah, 3400mah to 3500mah for your option. Battery cases include Hailong case, Dolphin case, bottle case, Silver Fish case, Rear rack case and so on. lithium E-bike battery for 250W/350W/500W/750W/1000w electric bike/mountain bike/motorcycle/bicycle.

We have different ebike battery case with different but easy installation for all kinds of EBikes, just send the inquiry for details.

- 01 Using high-quality brand and Chinese Grade A cells
- 02 Protection system is all used original chip from Japan and The United States
- 03 Support OEM / ODM Service
- 04 Voltage/Capacity/Dimension could be customized

Name	E Bike Battery 36V-10AH Li-ion E-Bike Battery Pack
Case	Hailong
Size	360*90*110mm
Motor	250w/350w/500w
Charger	42v 2A
Application	electric bike/bicycle/motorcycle/ebike
Weight	4kg
Installation	Downtube frame

Applications:

E Bike Battery | enook

Product Description

The enook E Bike Battery is a high quality and long-lasting battery designed specifically for electric bikes, bicycles, motorcycles, and ebikes.

Brand Name: enook

The enook brand is known for its commitment to providing customers with high quality and durable products. Our E Bike Battery is no exception, it is designed and manufactured with the highest standards to ensure the best performance and reliability.

Model Number: Lifepo4 Battery

The model number of our E Bike Battery is Lifepo4 Battery, which stands for Lithium Iron Phosphate Battery. This type of battery is known for its high energy density, long cycle life, and excellent safety performance.

Place of Origin: China

Our E Bike Battery is proudly made in China, a country known for its advanced technology and high-quality products. We take pride in our manufacturing process and ensure that our products meet the highest standards.

Certification: IC

Our E Bike Battery is certified by IC, which stands for International Certification. This certification guarantees that our battery meets the safety, quality, and environmental standards set by the international community.

Battery Type: LiFePO4

The battery type of our E Bike Battery is LiFePO4, which stands for Lithium Iron Phosphate. This type of battery is known for its high energy density, long cycle life, and excellent safety performance. It is also environmentally friendly and has a lower risk of thermal runaway.

Estimate Weight: 4kg

Our E Bike Battery has an estimated weight of 4kg, making it lightweight and easy to handle. This makes it a perfect choice for electric bikes, bicycles, motorcycles, and ebikes as it does not add extra weight to the vehicle.

Motor: 250w/350w/500w

Our E Bike Battery is compatible with motors of 250w, 350w, and 500w, providing you with different power options to suit your needs. This makes it a versatile and practical choice for various electric vehicles.

Color: Black

The E Bike Battery is available in black color, making it sleek and stylish. It will blend seamlessly with most electric bikes and add a touch of sophistication to your vehicle.

Application: Electric Bike/ Bicycle/ Motorcycle/ Ebike

Our E Bike Battery is suitable for a wide range of electric vehicles, including electric bikes, bicycles, motorcycles, and ebikes. Its versatility and compatibility make it an ideal choice for all your electric transportation needs.

In conclusion, the enook E Bike Battery is a top-of-the-line product that combines high quality, efficiency, and reliability. With its lightweight design, compatibility with different motors, and sleek black color, it is the perfect choice for all your electric vehicle needs. Trust enook to power your ride and experience the convenience and performance of our E Bike Battery.

Application

Our products have a very widely range of use

A

The battery pack can be used in electronic vehicles, tricycles, ebike, solar energy storage system, camper, cans, electronic boat, marine ship etc.,

E-Scooter

Balance E-scooter

E-Bike

E-Motorcycle

Golf Cart

RC Drone

Solar Street Light

Solar Wind Energy

Mobile Headlight

Waterpump

Power Tools

Stereo Set

B

We use high quality cells, such as 18650 21700 batteries, we use different cells for different applications

C

We have been in lithium battery pack for more than 10 years and know how to provide you the right solution for you. Just let us know your detail application and request then we will choose the best solution for you.

Customization:

Customization Services Offered:

Customized battery capacity and voltage to meet specific needs

Personalized branding and packaging options

Customized installation for different bike models

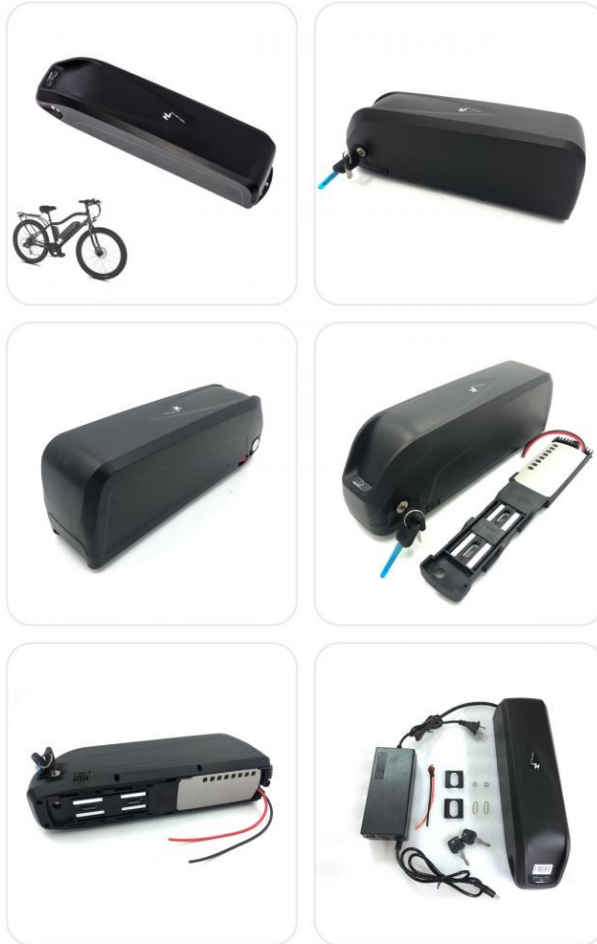

Option to choose motor power (250w/350w/500w)

Flexible color options

Ability to add additional features, such as USB charging port and battery indicator 10ah 13ah 15ah 20ah 25ah 1000w 36v 48v 24v Lithium

Packing and Shipping:

Packaging and Shipping for E Bike Battery

Our E Bike Battery is carefully packaged to ensure its safe arrival to your door. Here's what you can expect in terms of packaging and shipping:

Packaging

The E Bike Battery is first wrapped in a layer of bubble wrap to protect it from any impact or vibrations during the shipping process. It is then placed in a sturdy cardboard box with additional padding to further protect it from any potential damage.

Inside the box, you will also find the necessary cables and accessories for your E Bike Battery, all neatly organized and secured to prevent any tangling or damage.

Shipping

We offer both domestic and international shipping options for our E Bike Battery. For domestic orders, we use reputable shipping carriers such as UPS, FedEx, and USPS. For international orders, we use DHL or other reliable international carriers.

Depending on your location, shipping times may vary. However, we strive to process and ship all orders within 1-2 business days. Once your order has been shipped, you will receive a tracking number to monitor the progress of your package.

For international orders, please note that customs fees and duties may apply. These fees are the responsibility of the customer and are not included in the shipping cost.

Rest assured, we take great care in packaging and shipping our E Bike Battery to ensure its safe arrival at your doorstep.

PACKAGING

Shipping by

Professional suggestion to choose the best shipping delivery (Such as EMS DHL TNT UPS and FEDEX) for your commodities according to your demand.

SUPPORT FOR YOUR ORDERS**

Company Introduction

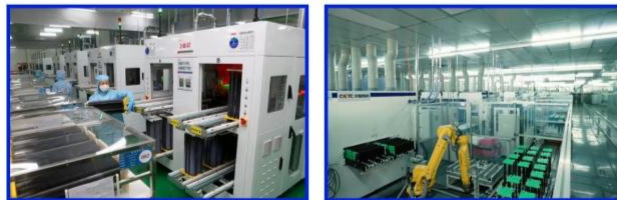

ShenZhen Enook Technology Co., Ltd company is professional manufacturer and supplier of lithium energy solutions, E-bike battery pack, which focus on manufacturing and designing of lithium cells and battery packs

Quality first is our principle, Satisfying all our customers is our tenet, win-win business is our aim. Dedicated to strict quality control and thoughtful customer service, our experienced staff members are always available to discuss each detailed requirements from customer and ensure full customer satisfaction.

In addition, we have obtained certificates, MSDS UN38.3 MSDS, ROHS, UL, etc. All our products keep selling well not only around China, but also in USA, Philippines, Germany, England, Australia, Russia, France and other European and Asia countries

Fast delivery is one of our advantage, selecting a current products from catalogue, or customized products, 3~5 days is the normal time to prepare for the goods, OEM & ODM orders can be acceptable.

Quality is our life, price is our core competence, please don't hesitate to contact us if you have any requirement, we'll provide our best service to you.

Has passed CE certification and ROHS certification, excellent quality the company has obtained a number of patented technologies.

FAQ

Q1: When are you available?

A1: 24 hours online every day, messages will be replied once received.

Q2: What's your main products?

A2: Lithium battery, Lipo battery, LiFePO4 battery, battery packs, etc. For cylinder battery.

Q3: How is the quality of the products?

A3: 1. Always provide the premium authentic products, never fake.
2. Only provide A Grade cells

Q4: Do you provide the OEM&ODM service?

A4: Yes, we are experienced factory can provide OEM & ODM services.

Q5: How do we place an order?

A5: Step1. Contact us
Step2. Confirm products you need, the price and other details
Step3: We make PI(Proforma Invoice) for you to make payment
Step4: Payment finished
Step5: Payment checking by our accountant
Step5: Products packed and shipped (tracking number will be provided once shipped out)
Step6: Customer get the products and feedback

Q6: What's the lead time?

A6: 1. Sample orders: 1-3 working days
2. Bulk orders: 3-7 working days according to different quantities
3. OEM: 7-12 working days on receipt of sample confirmation
