

## Pure Sine Wave 500W Portable Power Station With Usb C Ports And Battery Capacity

### Our Product Introduction

for more products please visit us on [enookbattery.com](http://enookbattery.com)

#### Basic Information

- Brand Name: enook
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: portable solar power station
- Minimum Order Quantity: 4

#### Product Specification

- Special Features: Type C, Flashlight, RV Port, Cigar Lighter
- Working Humidity: 10-90%
- Discharge Temperature: -4-113°F/-20-45°C
- Keywords: Outdoor Portable Emergency Power Station
- DC Output: USB-C
- Battery Type: Lithium-ion
- Power Source: AC Adaptor, Solar Panel, Other
- Inverter Type: Pure Sine Wave
- Highlight: **Usb C Ports Portable Power Station,  
Pure Sine Wave Portable Power Station,  
500W Portable Power Station**

## Product Description

### Product Description:

The LA1000W features a variety of special features that make it perfect for outdoor use. The Type C port allows you to charge your devices quickly and efficiently, while the built-in flashlight ensures that you always have light when you need it. The RV port and cigar lighter make it easy to connect to your car or other outdoor equipment, giving you even more options for powering your devices. The LA1000W is built to withstand even the toughest outdoor conditions. With a discharge temperature range of -4-113°F/-20-45°C, you can be sure that it will work reliably in extreme temperatures. The Outdoor Cabinet Energy Storage is also designed to be rugged and durable, so you can take it with you on all your outdoor adventures.

The LA1000W is compatible with a variety of power sources, including AC Adaptor, Solar Panel, and other sources. This makes it easy to charge the power station no matter where you are, whether you have access to traditional power outlets or not. And with its fast charging capabilities, you can be sure that your devices will be powered up and ready to go in no time.

Overall, the LA1000W Outdoor Portable Emergency Power Station is the perfect solution for anyone who needs reliable power on the go. Whether you are camping, hiking, or just spending time outdoors, this power station has everything you need to keep your devices charged and ready to go. So why wait? Order your LA1000W today and start enjoying the benefits of reliable outdoor power!

### Features:

Product Name: Portable Power Stations

Voltage: AC110~220V

Power Source: AC Adaptor, Solar Panel, Other

Keywords: Outdoor Portable Emergency Power Station, Pure Sine Wave, Outdoor Cabinet Energy Storage, Outdoor Camping Portable Energy Battery

DC Output: USB-C

Product Size: 9.84\*5.51\*6.69in/ 250\*140\*170mm

### Technical Parameters:

Product Name	Portable Power Station
Special Features	Type C, Flashlight, RV Port, Cigar Lighter
Product Size	9.84*5.51*6.69in/ 250*140*170mm
Battery Type	Lithium-ion
Inverter Type	Pure Sine Wave
DC Output	USB-C
Power Source	AC Adaptor, Car, Solar Panel, Solar Power Station
Output Wave	1000W Sine Wave
Voltage	AC110~220V
Keywords	Outdoor Portable Emergency Power Station, AC Adaptor, Car, Solar Panel, Solar Power Station

### Applications:

This Portable Power Station can be charged from multiple power sources, including AC adaptor, solar panel, and other sources. With a pure sine wave inverter type, it provides clean and stable power to various devices. The product name is also self-explanatory, Portable Power Station, which means it is lightweight and easy to carry wherever you go.

One of the key applications of this Solar Power Station is outdoor activities, such as camping, hiking, and fishing. The product is designed to provide a reliable and sustainable power source for outdoor enthusiasts. It is also useful in emergency situations where there is a power outage or natural disasters. It can power up essential appliances such as refrigerators, lights, and medical devices.

Another scenario where this Outdoor Portable Emergency Power Station can be useful is in construction sites or remote locations where there is no power source nearby. The Portable Power Station can provide power for tools and equipment, making it very convenient for workers. It is also useful for outdoor events such as concerts, festivals, and sports events.

The enook Portable Solar Power Station also has a wide range of product applications in various industries such as transportation, communication, and healthcare. It can be used to power up electric vehicles, mobile communication stations, and medical devices.

It is important to note that this Portable Power Station has a discharge temperature range of -4-113°F/-20-45°C, which means it can be used in a variety of weather conditions.

### Customization:

### Packing and Shipping:

**Product Packaging for Portable Power Stations:**

The portable power station will be securely packaged in a sturdy cardboard box with foam inserts to prevent any damage during transit. The box will include the following:

1 Portable Power Station

1 AC Wall Charger

1 Car Charger

1 User Manual

**Shipping:**

Our standard shipping method is through reputable courier services. Shipping time will vary depending on location, with an estimated delivery time of 5-7 business days. We also offer expedited shipping options for an additional fee. All orders will be processed and shipped within 24-48 hours of purchase.
